

Publikationen

Hollenbeck M, Christen M, Lusch M, Hennigs S, Ranft J, Lorenz G, Wozniak G: Duplexsonographie und weiterführende Diagnostik vor Anlage arteriovenöser Fisteln. *Gefäßchirurgie* 2012 • 17:96-105

Reinhold Ch, Haage P, Hollenbeck M, Mickley V, Ranft J: Multidisciplinary Management of Vascular Access for Haemodialysis Part I: From the preparation of the initial access to the treatment of stenosis and thrombosis. *VASA* 2011; 40, 188-198

Hollenbeck M, Schindler R, Ranft J: Detektion von relevanten Shuntstenosen durch klinische Untersuchung und Sonographie. *Dialyse aktuell* 13 (2009), 130-135

Mickley V, Ranft J, Hollenbeck M, Haage P (2008) Leitlinie Shuntchirurgie. In: Deutsche Gesellschaft für Gefäßchirurgie (Hrsg.) Leitlinien zu Diagnostik und Therapie in der Gefäßchirurgie. Springer Medizin Verlag, Heidelberg 2010

Hollenbeck M, Mickley V, Brunkwall J, Daum H, Haage P, Ranft J, Schindler R, Thon P, Vorwerk D (2009) Gefäßzugang zur Hämodialyse. Interdisziplinäre Empfehlungen deutscher Fachgesellschaften. *Nephrologe* 2009; 4: 158-176

Lawall H, Gorriahn H, Amendt K, Ranft J, Bramlage P, Diehm C. Long-term outcomes after medical and interventional therapy of critical limb ischemia. *Eur J Intern Med.* 2009 Oct;20(6):616-21. Epub 2009 Jul 17. PubMed PMID: 19782924.

Jünger M, Diehm C, Störiko H, Hach-Wunderle V, Heidrich H, Karasch T, Ochs HR, Ranft J, Sannwald GA, Strölin A, Janssen D. Mobilization versus immobilization in the treatment of acute proximal deep venous thrombosis: a prospective, randomized, open, multicentre trial. *Curr Med Res Opin.* 2006 Mar;22(3):593-602. PubMed PMID: 16574042.

Heidrich H, Lawall H, Rogatti W, Altmann E, Amendt K, Bauersachs R, Diehm C, Fahrig C, Ranft J, Schenker M, Schweizer J, Stiegler H, Wilke M (2003) Prospektive DRG-Studie zu Kosten und Verweildauer bei stationärer konservativer Behandlung von Patienten mit PAVK Stadium III/IV. *VASA suppl* 62; 32: H II.5

Heidrich H, Rogatti W, Altmann E, Bauersachs R, Diehm C, Fahrig C, Lawall H, Ranft J, Schenker M, Schweizer HJ, Stiegler H, Wilke M. [DRG-based cost analysis of inpatient conservative treatment of stage III/IV peripheral arterial occlusive disease]. *Vasa.* 2003 Nov;32(4):235-40. German. Erratum in: *Vasa.* 2004 Feb;33(1):54. PubMed PMID: 14694775.

Alemany J, Ranft J. [Diagnosis of varicose veins]. *Chirurg.* 1997 Oct;68(10):1045-8. German. PubMed PMID: 9453901.

Kröger K, Ranft J, Rudofsky G. Duplex sonography of venous atheromatosis found in the venous part of hemodialysis fistula. *Angiology.* 1996 Jul;47(7):675-8. PubMed PMID: 8686961.

Hanssler L, Hendricks O, Ranft J, Blank M. [Reactive hyperemia after arterial occlusion: comparison of infrared telethermography and laser Doppler flowmetry]. *Vasa*. 1995;24(2):148-54. German. PubMed PMID: 7793147.

Althoff M, Schulte E, Ranft J, Rudofsky G. [Occlusion of peripheral aneurysms by arterial stent implantation in inoperable patients--a methodologic alternative?]. *Vasa Suppl*. 1992;35:184-5. German. PubMed PMID: 1481039.

Ranft J, Heidrich H. Frequency of malignant diseases in deep venous thrombosis of the lower extremities. *Int Angiol*. 1991 Apr-Jun;10(2):66-8. PubMed PMID: 1861088.

Heidrich H, Brodel C, Meuche C, Hellmann M, Ranft J. [Controlled long-term blood pressure measurement with intravenous prostaglandin E1 infusion]. *Vasa*. 1991;20(1):13-6. German. PubMed PMID: 2031393.

Rudofsky G, Ranft J, Hirche H. [Duplex procedure in prevention of arteriosclerosis]. *Vasa Suppl*. 1991;33:59-61. German. PubMed PMID: 1788764.

von der Ohe M, Ranft J, Rudofsky G, Egle M, Layer P, Goebell H. [Incidence of potential hemorrhagic sites of the upper gastrointestinal tract in patients with acute vascular occlusion and indications for systemic fibrinolytic therapy]. *Vasa Suppl*. 1991;33:332. German. PubMed PMID: 1788744.

Overhagen S, Ranft J, Rudofsky G. [Silent myocardial ischemia and arrhythmia in patients with stage II-IV arterial occlusive disease]. *Vasa Suppl*. 1991;33:330-1. German. PubMed PMID: 1788743.

Althoff M, Egle M, Rescher A, Ranft J, Rudofsky G. [Scopeman: flexible videomicroscopy--a simplified procedure for capillary microscopy? Method and initial experiences]. *Vasa Suppl*. 1991;33:261. German. PubMed PMID: 1788704.

Leifeld K, Ranft J, Kucharczik A, Olschewski T, Rescher A, Schramm HG, Hirche H, Rudofsky G. [Imaging real-time sonography (B-scan) of peripheral veins--possibilities for use with reference to secondary prevention]. *Vasa Suppl*. 1991;33:257-8. German. PubMed PMID: 1788701.

Kucharczik A, Olschewski T, Rescher A, Leifeld K, Schramm H, Ranft J, Hirche H, Rudofsky G. [Prevention of arterial and venous vascular diseases, especially the correlation between risk factors and arteriosclerosis]. *Vasa Suppl*. 1991;33:254-5. German. PubMed PMID: 1788699.

Rescher A, Ranft J, Nielen C, Egle M, Strube J, Rudofsky G. [Arteriosclerosis vascular changes as an expression of the local effect of mechanical continuous stress--observations of the femoral artery of marathon runners]. *Vasa Suppl*. 1991;33:250-1. German. PubMed PMID: 1788696.

Olschewski T, Kucharczik A, Leifeld K, Rescher A, Schramm HG, Hircher H, Ranft J, Rudofsky G. [Location and morphology of plaque of the carotid artery and femoral artery in the B-scan image in employees of the Düsseldorf public officials: value of screening study]. *Vasa Suppl*. 1991;33:245-6. German. PubMed PMID: 1788695.

Heidrich H, Harnisch JP, Ranft J. [PGE1 in senile macular degeneration. A pilot study]. *Klin Monbl Augenheilkd*. 1989 Apr;194(4):282-4. German. PubMed PMID: 2724867.

Heidrich H, Meuche C, Ranft J, Rummel S, Peters A. Intravenous prostavasin--therapy in peripheral arterial occlusive disease in Fontaine's stages III and IV. Early and late results of a screening study. *Prog Clin Biol Res*. 1989;301:411-6. PubMed PMID: 2678131.

Heidrich H, Brodel C, Meuche C, Hellmann G, Ranft J. [Long-term blood pressure measurements with i.v. prostaglandin E1 infusion]. *Vasa Suppl*. 1989;27:46. German. PubMed PMID: 2623542.

Ranft J. [The status of laser Doppler examination in patients with arterial occlusive disease]. *Herz*. 1988 Dec;13(6):382-91. Review. German. PubMed PMID: 3061920.

Heidrich H, Ranft J. [Capillary microscopic effect of naftidrofuryl in peripheral arterial occlusive disease]. *Vasa Suppl*. 1988;24:17-20. German. PubMed PMID: 3212599.

Ranft J, Heidrich H, Hirche H. [Variability of transcutaneous pO₂ in repeated measurements in patients with peripheral arterial occlusive disease]. *Vasa Suppl*. 1988;23:51-3. German. PubMed PMID: 3206349.

Ranft J, Lammersen T, Heidrich H. In vivo capillary microscopy findings and ophthalmoscopy findings in scleroderma. *Arthritis Rheum*. 1987 Oct;30(10):1173-5. PubMed PMID: 3675662.

Ranft J, Lammersen T, Heidrich H. [Vital capillary microscopy and with ophthalmoscope-detected findings in progressive systemic scleroderma]. *Hautarzt*. 1987 Aug;38(8):467-9. German. PubMed PMID: 3654217.

Ranft J, Peters A, Heidrich H. [Studies of the correlation of vital capillary microscopy findings and transcutaneous oxygen partial pressure in patients with peripheral arterial occlusive disease (Fontaine stage II-IV)]. *Vasa*. 1987;16(1):25-9. German. PubMed PMID: 3577359.

Ranft J, Heidrich H, Lammersen T. [Transcutaneous measures of oxygen partial pressure and capillaroscopic parameters as affected by naftidrofuryl in patients with obliterative arteriopathies, Fontaine stages II-IV]. *J Mal Vasc*. 1987;12(1):78-81. French. PubMed PMID: 3559415.

Ranft J, Heidrich H, Dimroth H, Rummel S. [Incidence of malignant disease in acute phlebothrombosis]. *Vasa Suppl*. 1987;20:270-3. German. PubMed PMID: 3480599.

Ranft J, Heidrich H. [Capillary microscopy findings in chronic polyarthritis and endangiitis obliterans]. *Vasa Suppl*. 1987;20:121-4. German. PubMed PMID: 3480590.

Ranft J, Peters A, Rummel S, Heidrich H. [Laser Doppler flowmetry in probands with healthy vessels and in patients with Fontaine stage II-IV peripheral arterial occlusive disease]. *Vasa Suppl.* 1987;20:317-22. German. PubMed PMID: 2962314.

Ranft J, Heidrich H, Peters A, Trampisch H. Laser-Doppler examinations in persons with healthy vasculature and in patients with peripheral arterial occlusive disease. *Angiology.* 1986 Nov;37(11):818-27. PubMed PMID: 3789462.

Ranft J, Lammersen T, Heidrich H. In-vivo capillary-microscopical findings in patients with thrombangiitis obliterans, progressive systemic scleroderma, and rheumatoid arthritis, respectively. *Klin Wochenschr.* 1986 Oct 1;64(19):946-50. PubMed PMID: 3784444.

Ranft J, Heidrich H. Vital capillary-microscopic findings in normal subjects, patients with peripheral arterial occlusive disease (Fontaine II to IV) and patients with thrombangiitis obliterans. *Vasa.* 1986;15(2):138-42. PubMed PMID: 3727764.

Buchbeiträge

Ranft J Medikamentöse Behandlung der pAVK in **Die Extremitätenischämie** Hrsg: Nikol S Uni-Med Verlag 2012

Ranft J, Nielen C, Nüllen H. Pharmakotherapie in **Varikose** Hrsg: Noppeney T, Nüllen H Springer Medizin Verlag 2010
